3rd November 2026

Dear Parents / Carers,

Deep Sky IMAX at Cineworld Basildon, Festival Leisure Park

As part of the Film Festival, Year 5 have been offered free tickets to watch Deep Sky IMAX at Cineworld, Festival Leisure Park, on the morning of Tuesday 17th November.

Following our recent science topic on space, this visit will be a fantastic opportunity for the children to consolidate their learning and discover more about NASA's James Webb Space Telescope. The film explores how this remarkable telescope was built and launched into orbit in 2021, allowing scientists to capture incredible images of distant galaxies, stars and planets. It also explores how studying space helps us understand the origins of the universe and investigate the possibility of life beyond Earth.

We are excited to offer the children this opportunity to experience the wonders of space on the big screen and extend their scientific knowledge in an engaging and memorable way.

The children will walk to and from the cinema with school staff during the morning and will be back for lunch at school as normal. There is no charge for this trip but please give consent for your child to attend on School Gateway.

Thank you for your continued support.

Yours sincerely,

A Szaniszlo | A Murphy | J Fraser

Miss Szaniszlo
Year 5 Team

Mrs Murphy

Mrs Fraser
